Anti-fascist activists from Rose City Antifa, Pacific Northwest Anti-Fascist Workers Collective, and Eugene Antifa have been able to get access to the logs of a Discord server used by a variety of Pacific Northwest fascists and white supremacists, under the tongue-in-cheek name, the ‘Cascadian Coffee Company’ (CCC). Discord is a chat app originally developed for online gaming, but often used by the far-right and white supremacist groups to organize their groups and events. These logs contain thousands of messages detailing activities, organizing, and interactions of one particular group in the region.

In an ongoing series of articles, the coordinating anti-fascist groups will publish revealing information about this particular set of Nazis organizing throughout the Pacific Northwest region, from Ashland to Seattle. You can follow all of these stories by visiting our website at pnwawc.com, or following us on Twitter: [@pnwawc](https://twitter.com/pnwawc), and using the hashtag #PNWfascistlogs and #CCC.

URGENT NOTE *updated 2-12-18

Oregon State University ASOSU student government voting began today and ends on Friday 2-16-18. Neo-Nazi Andrew Oswald while facing a recall vote for his currently held ASOSU seat, is also running for an open position at the same time. Today February 12th 2018 Oswalds Nazi ally Jimmy Marr came to OSU with his “Trigger truck” to stump for Andrew Oswald’s new candidacy. If you have friends or family at OSU we urge that you ask them to vote this Nazi out.

We support the removal of fascists from all positions within our communities, and call upon OSU students and staff to come and push for the removal of this dangerous white supremacist from his student government, and teaching positions.

About Andrew Oswalt, aka "DatGoy"

In the wake of local press coverage concerning ASOSU member Andrew Oswald's alt-right politics and recent arrest, we have identified Oswald as “DatGoy” of the “Cascadian Coffee Company” (CCC) Discord logs, a neo-Nazi Discord group.

Oswald is one of the neo-Nazis responsible for participating in, among other things, this summer's anti-Semitic banner drops over I-5, and a Holocaust denial rally Springfield, OR, which was held in April of last year on the front lawn of Jimmy Marr, a notorious neo-Nazi organizer and driver of the “trigger-truck”, a pickup that he has outfitted with interchangeable racist and antisemitic billboards.

Up to this point, discussions of Oswald's fate have been primarily concerned with determining how “fringe” his fringe political views really are, and whether or not there is sufficient evidence to suggest that those views are grounds for his expulsion from ASOSU. In a collaborative effort, regional antifascist groups have compiled this updated account, revealing Andrew Oswald's intensive participation in neo-Nazi political activity, both on and off of the OSU campus.

Andrew Oswald is a graduate representative in the Associated Students of Oregon State University (ASOSU) House of Representatives. Due to recent revelations of Andrew's political affiliations in local and campus media, other members of the ASOSU are considering strategies for having him removed from office for his disorderly conduct, racist positions, and trolling behavior. Naturally, prominent local Nazi Jimmy Marr (who is also a member of the CCC Discords) tweeted out a display of solidarity on Andrew's current predicament.

According to Oswald, he is no stranger to being ostracized.

During his undergraduate work at The Evergreen State College in Washington state, he encountered what he described as authoritarian tendencies from his left-leaning classmates and administrators.

“It was not about inclusion or diversity or anything else,” Oswald said. “It was about attacking me, a white man, and people like me.”

The roots of Andrew Oswald's reprehensible beliefs apparently extend at least to his undergraduate days at Evergreen State College in Washington, where, according to an interview he did with OSU's Daily Barometer, he says 'left-leaning classmates and professors' were 'attacking [him], a white man, and people like [him].' (Click to enlarge)

In the last year, Andrew has been arrested two times for harassment related to his neo-Nazi beliefs: On July 29th at 11:03pm, he was arrested at E 15th and Moss in Eugene, OR by University of Oregon campus police for carrying a concealed weapon while on university property. Then more recently, Andrew was arrested on January 22nd of this year by the Corvallis police department for two counts of criminal mischief, again relating actions due to his white supremacist beliefs.

Surveillance camera footage that resulted in the arrest of Andrew Joseph Oswald shows him with a person who matches the appearance of David Thomas Woods near a June 2017 SURJ meeting in Corvallis Oregon. (Click to enlarge)

During the June SURJ meeting, white nationalist flyers were put on customers' and employees' cars in the co-op's parking lot. Tiny little racist stickers were affixed to other cars. The co-op's general manager will be at our July 15 meeting to discuss the incident and the ongoing police investigation.

@blackhat 16 I know @DatGoy was telling me about doing the same thing and others have been doing it as well. ANDREW WAS RECENTLY ARRESTED IN CONNECTION WITH THIS

*Mentions the stickering during SURJ meeting that Andrew was ultimately arrested for.

Andrew first came onto the radar of local antifascists on April 22nd 2017, when he attended an alt-right “Patriot Prayer” rally on NE 82nd Ave in Portland, at which MAX train murderer Jeremy Christian was also present. The 82nd Ave rally where Andrew was first spotted was widely attended by Nazis and white nationalists attempting to “mainstream” their beliefs by mingling with the crowd.

Andrew attended the 82nd Ave rally with neo-Nazi David “Deedub” Woods, who was also an active member of the CCC Discord logs. Andrew and David both live in Corvallis and often accompany one another to actions. Together, Andrew Oswalt, David Woods, and Jimmy Marr have been organizing since at least the spring of 2017 within a clandestine network of Pacific Northwest white supremacists, often over the Discord gaming app.

Since his introduction to other PNW neo-Nazis via the Discord CCC logs, Oswald has participated in racist and antisemitic banner drops, flyer campaigns, and placed racist stickers on the cars of progressive organizers. He has also attended public neo-Nazi demonstrations with Jimmy Marr, David Woods, members of the neo-Nazi gang American Front (AF) (led by the recently incarcerated Jacob Laskey), and the AF support group known as the American Patriots Brigade (APB).

As mentioned earlier, on April 24th, 2017, Andrew was photographed at a Holocaust denial demonstration in front of Jimmy Marr's home in Springfield, Oregon, where he can clearly be seen holding a Nazi flag with a swastika emblem.

As we have mentioned, Andrew is a very active planner and participant in regular racist banner drops (which they refer to

as 'flagocausts') alongside Jimmy Marr and the other CCC Discord Nazis; primarily up and down the I-5 corridor from southern Oregon into Washington . These banner drops usually last 20 to 90 minutes, and the banners always carry a different type of racist message.

Eclipse Banner Operations: This Sunday. The Portland crew is organized and ready to go. The Central crew is also ready to go. The Southern crew- I have just spread the word to (they should be able to pull something off as well). If there are any guys up in Washington that want to get in on this that would be excellent. Having 4 banner displays all on the same day, same freeway corridor, spanning across two states will be a win. Displays will be done in the afternoon hours, location chosen by each group, do not need to share your locations (private in group messages to further organize are good habit to get in). Have someone take a photo of the banner display as soon as it is up. Photos should be emailed to Willamette Weekly/other local news outlets from a fake email (ex: RosaHernandez8@yahoo.com), make a short sob story about how you saw the banner and it made you afraid to live in Oregon or whatever. This is a good bet to increase our coverage via a news article about "Massive Nazi Network Displays Hate". Let's have fun with this legal free speech activity. @everyone

Reminder that ZOGLings cannot arrest or hassle you for holding a banner on a public thoroughfare. Possible vulnerabilities to avoid:

- "impeding traffic"

Occasionally, Andrew Oswalt, Jimmy Marr, and David Woods target universities, though Andrew generally avoids being visibly involved in actions at OSU out of fear of being recognized. When Andrew does appear he conceals his identity with a mask and long sleeve coat. On May 20, 2017, Andrew and his cohorts chalked racist messages and staged a neo-Nazi demonstration at the OSU Solidarity Fair. Additionally, two months later (on July 19th), someone chalked similar racist slurs on the Corvallis waterfront: (<http://archive.is/awOKK>). Andrew and his allies call these chalking actions "chalkocausts", and they commonly feature messages like "Uncle Adolf Hitler was right," "Build the wall," as well as swastikas, and various other racist messages.

Jimmy Marr 5/21/2017, 12:40:36 PM (edited)

Yesterday was pretty wild. After watching people's reactions and reading their comments on that Facebook thread I feel certain that we dramatically raised the level of cognitive dissonance in Corvallis and significantly reduced the "solidarity" of the status quo and its fallacious Left/Right dichotomy. I realize in hindsight that because of your KEK flags, you and **Andrew** lured the crowd into believing yourselves to be to the "right" of me. They couldn't seem to avoid the presumption that compared to you, I was simply a confused, but generally avuncular old hippie. Then, just when they thought they had you guys on the ropes by successfully proving through tedious debate that you were confirmed White supremacists, I jumped up and declared that all Jews are congenital liars and demanded their collective counter-extermination as rightful retribution for their devious attempt at White genocide. That was a bridge too far for their weak minds to grasp and they took a plunge into the cognitive abyss. When they pull themselves back out of it, they are going to discover that the political landscape "don't look like Kansas anymore". Cognitive dissonance is the precursor to behavioral change.

Andrew "DatGoy" Oswald being mentioned by name by Jimmy Marr in a Discord thread. (Click to enlarge)

The content and nature of Oswald's contributions to the CCC Discord chats provide a stark but unsurprising contrast with the demeanor and language he uses in public, even in recent interviews about his alt-right politics.

In his interview with an OSU campus newspaper earlier this week, Oswald is described as saying he "believes the media at large has unfairly characterized individuals with his set of beliefs as psychopathic. He advises all students to seriously question any ideas put before them, including their perceptions of him. He went on to make the following statement:

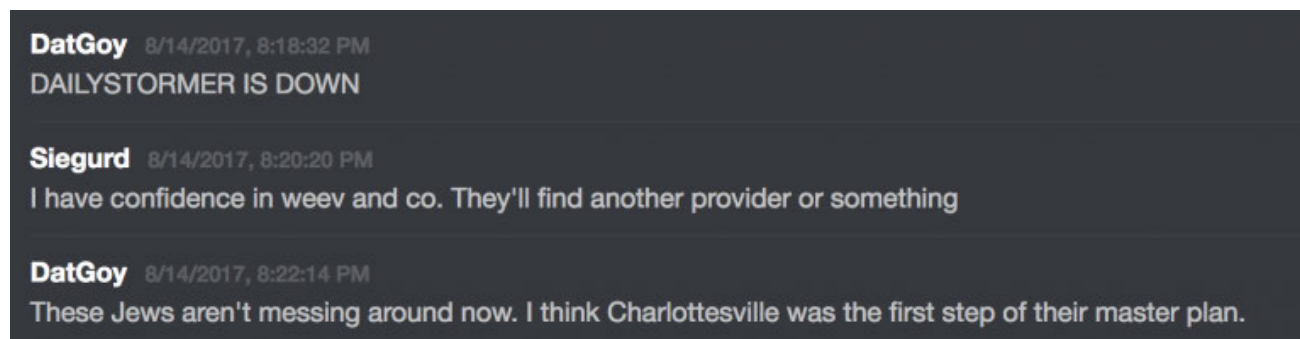

'I am not a Hollywood Nazi. I am not interested in killing anyone. I am not interested in harming anyone. All I want is a frank discussion.'

The language of his Discord chat messages, however, is consistently riddled with racial slurs, antisemitic tropes, dogwhistle phrases, and violent, demeaning attitudes towards marginalized people (strangers and apparent acquaintances alike).

In June, while attempting to motivate one of the younger members of the CCC Discord, Ian Lawton (or "Artair"), Oswald wrote the following to him:

*'@Artair When was the last time you participated in some kind of action? There is no better anti-depressant than laughing in a weeping k**e's face. Waving a confederate flag on the I-5 overpass and witnessing the adulation of the people. Even just going to the shooting range with your brothers to prepare for what is to come.'*

During discussions two days before the aforementioned April 24th Holocaust denial rally in Springfield (where he carried a Nazi *Reichskriegsflagge*), Oswalt mentions that:

‘...even once [he] get[s] this Bill of Rights passed,” getting publicly doxxed as a neo-Nazi ‘could damage [him] pretty severely.’

‘[F]ortunately,” he continues, ‘most of them are completely fucking incompetent. [A]nd I have built a nice Godwin’s Law shield.’

This week, he admitted to campus journalists that he spends much of his time in student government either intentionally “trolling” to provoke others, or “performing” extreme caricatures of leftist reasoning to make a point. Effectively, Andrew Oswalt admits to

utilizing white nationalist trolling techniques to infiltrate destabilize progressive groups on an everyday basis within ASOSU.

There should be no question as to whether or not he should remain a (fascist) “member” of a democratic student governing body. Nor should an active neo-Nazi organizer who considers his graduate teaching experiences to be clear evidence in favor of “scientific racism” and sexism get paid to teach anyone anything.
